Description

The Socomec: Netys PR MT 1500VA Mini UPS Tower line is an interactive UPS that provides the ideal solution for protecting small servers and high-performance CAD or graphic workstations. Designed for professional applications, the sine wave inverter technology assures full compatibility with any kind of load and power supply. The Minitower case fits close to the IT load to be supplied and protected. A perfect solution for network power cuts and voltage fluctuations as the integrated AVR function (Automatic Voltage Regulation) stabilises the output voltage and avoids the switching to Battery Mode operation, therefore saving the battery to support critical power cut events.
