

15m DELUXE Premium High Speed HDMI® cable with Ethernet and repeater Supports 4K@60Hz as specified in HDMI 2.0 | Black Mesh

Product Images

Description

4Cabling 15m Premium High Speed HDMI® cable with Ethernet and repeater Supports 4K@60Hz as specified in HDMI 2.0 | Black Mesh.

Premium High Speed HDMI increase the maximum bandwidth to 18.0 Gbps enabling the leads to carry video resolution up to 4K @60Hz with 24 bit/pixel colour depth.

The PREMIUM HDMI cable also supports ARC (Enhanced Audio Return Channel), HDR, HDCP 2.2, 3D, HEC

The 4Cabling Premium High Speed HDMI cable with repeater is designed for applications that require HDMI transmission over long distances. The repeater helps boost the signal allowing it to be transferred over long distances. 4Cabling Premium High Speed HDMI cable is backwards compatible with older HDMI devices: simply plug it into any standard Type-A Female HDMI socket and it's all good to go. This means our leads are compatible with previous standard and compatible with a wide range of Audio/ Video players such as Blu-ray players, DVD players, LED, LCD, plasma and OLED TVs, Commercial Video Mixers, projectors, media players and games consoles such as the PS4 and Xbox One. HDMI connection transmits uncompressed audio-video data in 100% digital form, this in itself adds up to the world-class viewing experience, with superb video accuracy

and audiophile quality sound.

With 24K gold-plated corrosion-resistant connectors, you can rest assured that this 4Cabling PREMIUM HDMI cable will last longer than most other HDMI cables. The oxygen-free cable and fully shielded construction makes this cable virtually noiseless, with very low distortion, making it very reliable for any Audiophile and Home Theatre enthusiast.

4Cabling Premium High Speed HDMI Cable Features:

- RoHS Compliant
- Bandwidth: 18Gbps performance
- HDMI 19-pin male to HDMI 19-pin male connections
