

## 0.25m Cat 5E Ethernet Network Cable. White

### Product Images

### Description

## 0.25m RJ45 Cat 5E Ethernet Network Cables White

The 4Cabling's range of quality category 5e Ethernet Patch Leads are made from 100% Bare Copper. Cat 5e cables are designed to be used in mission-critical situations where data integrity is of the utmost importance.

Cat 5E or Category 5 enhanced ethernet cable has the capability to support up to 1000Mbps (1Gbps). It also reduces the amount of crosstalk between the wires within the cable, resulting in a greater overall transmission speed.

4Cabling stock and sell a wide range of Cat 5E ethernet cables in 10 colours and lengths varying from 0.25m up to 10m. If you require longer cables we have CAT 6 cables available in up to 50m. CAT 6 cables support speeds of up to 10Gbps but are also backward compatible with CAT 5E standards. 4Cabling is set to provide the best connection for your telecommunication and data network.

#### Applications include:

- Structured cabling for computer networks such as Ethernet
- Equipment to equipment patching
- Cross-connect patching

#### CABLE SPECIFICATIONS

- **Cable Type:** Cat 5e
- **Connectors:** RJ45-RJ45
- **Length:** 0.25m
- **Colour:** White
- **Insulation Material:** PE
- **Jacket Material:** Flame Retardant PVC
- **Cable Dia. - Outer Dia.:** 5.5mm ± 0.2mm

## FEATURES

- **RJ-45 connectors**
- **UTP stranded conductor Cat-5E patch cords with 4 twisted pairs using T568A color code**
- **Impedance Matched** - Wire and connectors are carefully matched to virtually eliminate echoing and cancellation, providing high speed, error free transmission
- **Gold Plated Contacts** - Gold plating eliminates corrosion and provides maximum conductivity to ensure data integrity
- **Unique PVC Jacket** - Exclusive polymer technology provides unsurpassed durability and flexibility
- **Snag Free Boots** - Prevent cable kinks and bent pins when removing them from patch panels
- **Strain Relief** - Increases strength while sustaining maximum flexibility even under extreme conditions

## CERTIFICATIONS

- ETL, UL Verification
- Flame test: comply with IEC 60332-1-2
- ISO/IEC11801:2011(Ed. 2.2)
- ANSI/TIA/EIA-568-C.2
- EN 50173-1:2011
- EN 50173-2:2007 including amendment A1:2010
- IEC61935-2:2010(Ed.3.0) (transmission requirements)

## WARRANTY

3 year limited warranty.

## WHY 4CABLING?

1. Australia's leading importer & wholesaler of 19" server racks, copper, ethernet cable, fibre optic leads & structured networking products
2. ISO 9001, NSW Govt. & GITC (QLD Govt.) approved supplier
3. Secure online shopping 24/7
4. A loyal customer base of 100k+ who trust us for their data & electrical needs
5. Over 3000 quality products in stock ready to go
6. All products are approved as per local Australian standards
7. Warranty & peace of mind return policy
8. Lightning fast delivery nationwide
9. Expert advice
10. Proudly 100% Australian owned & operated

## Additional Information

Product Name	0.25m Cat 5E Ethernet Network Cable. White
Part#:	004.001.3001
Cable Type	Cat 5E Stranded
Colour	White
Connector Type	RJ45-RJ45
Jacket Material	PVC
